### Technology

G-T recently received a grant for computers. Two people gave us the the grant. They were from Dickinson County. We had an assembly. They were there. They introduced themselves. All the grades were there.

#### Veteran's Day Happenings

On Tuesday November 13th Graettinger-Terril Elementary students hosted an assembly to honor local Veterans. 5th grade students and Veterans spent some time together before the assembly enjoying rolls, juice, and great conversation. The assembly started off with the Posting of the Colors, Pledge of Allegiance, and the Graettinger-Terril High School band playing the National Anthem. 5th grade student council members shared information on Veterans day, read the poem Flanders Fields, and played a video tribute to our soldiers. All of the Veterans were then introduced and were presented with some special thank you cards read by some of the 2nd grade students. Veteran Don VonEwhegen shared the poem Forgotten Flight and the story of Shifty Powers. Students, staff, and community members then learned about the meaning of the colors of the flag, the 21 gun salute, and the reason the flag is folded thirteen times from Veteran Ron Zelinsky. The Graettinger Teriil High school choir sang Why Have the Fallen Gone followed by God Bless America performed by the band. As the assembly came to a close three 5th grade students explained the meaning of patriotism. Mr. Ulrich shared closing remarks accompanied with much applause for the Veterans. As Veterans retired the colors and left the gym they were greeted by students with many thank you cards and letters.

#### Making a Poster

My favorite part of Charter Counts Week is making a poster. On the first day of Character Counts Week we made a poster for our activity. I made one about the six pillars. I always like making posters for stuff because I like to color on a big piece of paper. This was my favorite activity from Character Counts Week.

Slumber Party

My favorite thing about the slumber party on Friday was when the 5th grade girls only went to Mrs. Goebel's room and played games. One of the games I liked was Piggly Wiggly. I liked it because 2 people went out of the room and everybody had to get into a sleeping bag. Ellie and I hid in the same one and we kept laughing, but they didn't guess us 'till close to the end. Another thing we did was this one game where we all went out of the room, someone would hide the timer, then we would all run in and try to find the timer before it beeped. What I liked about that game was that is was like a race, but the best thing about it was that I got to spend time with friends. Those were my favorite things about the slumber party.

My favorite thing was the slumber party. It was my favorite because the girls went over to Mrs.Goebel's room and played a game called Piggly Wiggly. It was really fun because we had to hide in sleeping bags alone or with one other person. Meaghan and I hid in one and we could not stop laughing! Then people would come around and touch us and say piggly wiggly and we had to say oink oink and they had to guess who was in the sleeping bags. That is why the slumber party was my favorite.

### PBIS Fun Day

My favorite 2 activities on our "PBIS fun day" were computers and games. Computers were fun because I played Minecraft, Cartoon Network, and ABCya. There was a lot of different stations. Games were also fun because I played LEGOS. Everybody else did karaoke, dominos, checkers and a lot of other games. That's why I liked the "PBIS fun day.

#### Corrections:

We stated that the 5th grade won the pop tab contest last year when it was actually the 1st grade.

The dates for Mrs. Krull and Mrs.
Schnell's birthdays were incorrect.
Sorry!
